Back-rest lifting

Allows the resident to get out of bed with confidence

Detail display

Back-rest controlled by mechanical

5"casters with brake
Deluxe mute wheel

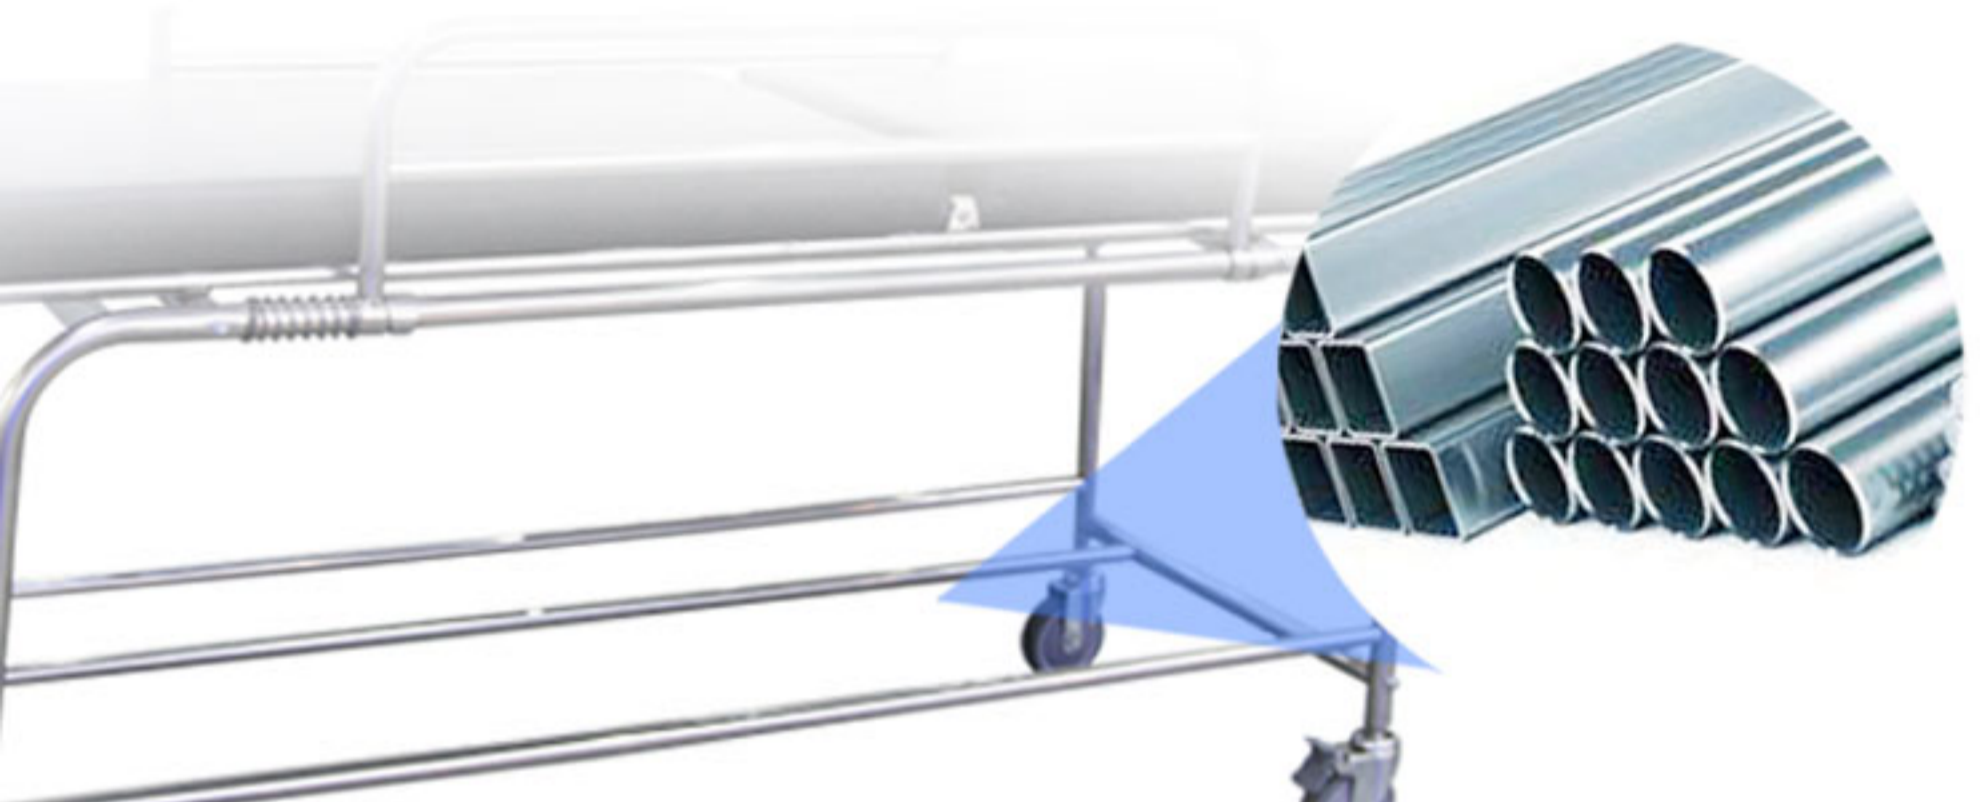

Stainless steel frame
Clean is not easy to rust

The shape is similar and the quality is different

The peers have been imitating all the time, but we have never been surpassed.

Have been demanding the spirit of the craftsman

1 Cold rolled steel material JTP steel - Fortune Global 500 firms

❌ Poor quality steel is easy to be deformed, easy to break and short service life.

Similar in shape and different in process

2 Stainless steel guardrail

Sturdy, durable, soft treatment

❌ Cheap accessories, easy to break, and have a safety hazard.
